Gunpowder RIVERKEEPER®,
(GRK) values the biological,
recreational and economic
aspects of the river.

GRK champions enforcement
and compliance of environmental
laws within the watershed to
protect and conserve the river for
all users.

GRK Project Areas Include:

Monitoring Industrial Activities

Stormwater Runoff Compliance

Invasive Species Containment
and Outreach

Agricultural Runoff Compliance

Environmental Monitoring and
Mapping

Lawn Fertilizer Nutrient
Loading and Outreach

Sewage Overflow Compliance

The image features a stylized landscape graphic. It consists of several overlapping, rounded shapes representing hills and a winding river. The colors used are a dark blue for the river, a medium green for the hills, and a light green for the sky or background. The shapes are outlined in white, creating a clean, modern look. The text 'GUNPOWDER RIVERKEEPER®' is positioned in the bottom right corner of the image.
